Google Scholar

[About](#) [Search](#) [Citations](#) [Inclusion](#) [Metrics](#) [Publishers](#) [Libraries](#)

[Search Scholar](#)

Stand on the shoulders of giants.

Google Scholar provides a simple way to broadly search for scholarly literature. From one place, you can search across many disciplines and sources: articles, theses, books, abstracts and court opinions, from academic publishers, professional societies, online repositories, universities and other web sites. Google Scholar helps you find relevant work across the world of scholarly research.

[Questions](#)

Google Scholar Citations

Google Scholar Citations provide a simple way for authors to keep track of citations to their articles. You can check who is citing your publications, graph citations over time, and compute several citation metrics. You can also make your profile public, so that it may appear in Google Scholar results when people search for your name, e.g., [richard feynman](#).

Best of all, it's quick to set up and simple to maintain - even if you have written hundreds of articles, and even if your name is shared by several different scholars. You can add groups of related articles, not just one article at a time; and your citation metrics are computed and updated automatically as Google Scholar finds new citations to your work on the web. You can choose to have your list of articles updated automatically or review the updates yourself, or to manually update your articles at any time.

[Get started with Google Scholar Citations](#)

Track citations to your articles. Appear in Scholar.

راهنمای ثبت شناسه ORCID برای نویسندگان، همراه با کار عملی

<https://orcid.org>

The screenshot shows the ORCID website interface. At the top, there is a search bar, a language dropdown set to 'English', and navigation links: 'FOR RESEARCHERS', 'FOR ORGANIZATIONS', 'ABOUT', 'HELP', and 'SIGN IN'. The main heading reads 'DISTINGUISH YOURSELF IN THREE EASY STEPS'. Below this, a paragraph explains that ORCID provides a persistent digital identifier. The three steps are: 1. REGISTER (Get your unique ORCID identifier, Register now! Registration takes 30 seconds.), 2. ADD YOUR INFO (Enhance your ORCID record with your professional information and link to your other identifiers (such as Scopus or ResearcherID or LinkedIn).), and 3. USE YOUR ORCID ID (Include your ORCID identifier on your Webpage, when you submit publications, apply for grants, and in any research workflow to ensure you get credit for your work.). On the right side, there is a section titled 'LATEST NEWS' with three entries: 'Fri 06/23/2017 Collect, Connect, and Communicate!', 'Thu 06/22/2017 Meet ORCID Publisher Member, ScienceOpen', and 'Tue 06/20/2017 Collect & Connect One Year On'.

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, who should be able to see information added to your ORCID Record?

Email frequency

The ORCID Registry provides notifications about things of interest, like updates to your ORCID record or being made a trusted individual, when they occur ([learn more about notifications](#)). How often would you like these notifications delivered to you via email?

Weekly summary ▼

Terms of Use *

☒ I consent to the [privacy policy](#) and [terms and conditions](#) of use, including agreeing to my data being processed in the US and being publicly accessible where marked Public.

[Register](#)

Dear Shadiyeh Molaei,

Thank you for creating your ORCID identifier. Please verify your email address to complete your registration and gain access to manually edit your record: click the following link and sign into your ORCID record. If you can't click the link, copy and paste it into your browser's address bar.

Verify your email address

<https://orcid.org/verify-email/b1RJNmZWU2g5L1QvN2pPQzgVbDRPdzVwN0hMUXJRdVVSvNBTYklySmw5SXZoV3YrN3hSekdxSmdXanowbUxUKw>

Your 16-digit ORCID identifier is 0000-0002-0990-0510, and your full ORCID iD and the link to your public record is <https://orcid.org/0000-0002-0990-0510>

Next steps:

1. Add more information to your ORCID Record

Access your ORCID record at <https://orcid.org/my-orcid> and add more information to your record. If you haven't already done so, we strongly recommend that you add more than one email address to your account, since our system checks names and email addresses to prevent the creation of duplicate records.

Funders, publishers, universities, and others use the information contained in your ORCID record to help reduce the record-keeping they ask from you. Increase the information you can share by adding other names you are known by, professional information such as your affiliation, biography, and keywords, funding you have received, and works you have created or contributed to your record.

See our tips for [six things to do now that you have an ORCID iD](#). For tips on adding information to your ORCID record see: <https://support.orcid.org/knowledgebase/articles/460004>

Thank you for verifying your email!

از صفحه Web of Science انتخاب گزینه Publons

The screenshot shows the Web of Science homepage. The top navigation bar includes links for Web of Science, InCites, Journal Citation Reports, Essential Science Indicators, EndNote, Publons, and Kopernio. The 'Publons' link is highlighted with a red box, and an orange arrow points to it from below. The main header features the 'Web of Science' logo and the 'Clarivate Analytics' logo. Below the header, there is a navigation bar with links for Tools, Searches and alerts, Search History, and Marked List. A 'Select a database' dropdown menu is set to 'Web of Science Core Collection'. A button labeled 'Learn about alerting enhancements!' is visible. The search section includes tabs for Basic Search, Author Search^{BETA}, Cited Reference Search, and Advanced Search. The search input field contains the text 'Example: oil spill* mediterranean'. A 'Search' button and a 'Search tips' link are present. Below the search input, there are links for '+ Add row' and 'Reset'. The 'Timespan' section shows a dropdown menu set to 'All years (1945 - 2019)'. A 'More settings' link is also visible.

My impact over time

Welcome to Publons! Learn how to show your true research impact with this quick tour.

A complete profile of your expertise people can trust

Publons is the only place you can track, verify, and showcase your peer review contributions for all the world's journals (often automatically) -- alongside your publications and *Web of Science Core Collection* citation counts.

Your Publons profile is an easy-to-maintain public profile of your expertise and impact built on trusted, industry-leading data and metrics.

CONTINUE

The image displays two screenshots of Publons profiles. The top profile is for Julia T. Vilstrup, a member of the Publons Academy. Her profile shows 16 publications, 927 total times cited, an H-index of 12, and 7 verified reviews. Her research fields include Biogeography and Phylogeography, Conservation, Genomics, Molecular Ecology, and Palaeoecology. A featured publication is 'Recalibrating Equus evolution using the genome sequence of an early Middle Pleistocene horse' from Nature (2013), which has been cited 294 times. The bottom profile is for Matthias Lein, a top peer reviewer. He has 36 publications, 1,214 total times cited, an H-index of 15, and 190 verified reviews. His current membership is with the Journal of Chemistry. His verified reviews include Physical Chemistry Chemical Physics, Computational and Theoretical Chemistry, Dalton Transactions, International Journal of Quantum Chemistry, and The Journal of Physical Chemistry.
